for

EDUX 7912: Cultivating Technology in the Classroom

Podcast/Streaming Recommendations:

- [The Shake Up Learning Show](#) Learning coach, speaker, author, and former middle school teacher Kasey Bell produces this weekly podcast all about using technology in the classroom. From incorporating Google Earth into geography lessons to creating lesson templates with Canva, Kasey and her guests offer up a plethora of ideas and inspiration to get your edtech wheels turning.
- [The Edtech Podcast](#) This podcast doesn't focus solely on technology — topics include curiosity, inclusivity, lifelong learning, and career readiness, all filtered through the lens of education-centered tech tools. If you're a teacher using the internet at all in your practice (which you most certainly are), this podcast is a must-listen.
- [Digital Learning Today](#) A Podcast Where Productivity Meets Innovation in the Classroom.
- [The Teaching Online Podcast \(TOPcast\)](#) Thomas Cavanagh, Vice Provost for Digital Learning at the University of Central Florida (UCF), and Dr. Kelvin Thompson, Vice Provost for Online Strategy and Teaching Innovation at the University of Louisville, lend their experience and expertise in digital teaching and learning.
- [Leading Lines Podcasts](#) This podcast explores creative, intentional, and effective uses of technology to enhance student learning, uses that point the way to the future of educational technology in college and university settings. Interviews with educators, researchers, technologists, and others serve to amplify ideas and voices that are (or should be!) shaping how we think about digital learning and digital pedagogy.
- [The Higher EdTech Podcast](#) Irvine Valley College instructional technologist Tim VanNorman and ESL professor Brent Warner offer support for using technology in the college classroom on their active, bi-weekly show.
- [WCET Frontiers Pod](#) WCET Frontiers Pod from WICHE Cooperative for Educational Technologies, an Every Learner Everywhere network partner, features guest hosts and interviewees discussing digital learning in higher education. The episodes prioritize issues of diversity, equity, and inclusion.
- [STEAM Rises Podcast](#) STEAM Rises explores the intersection of STEAM: science, technology, engineering, arts, and math. Hosted by Melina O'Grady and Melinda Barbosa. The podcast aims to inspire listeners to create change in their communities and lives by engaging in conversations, asking new questions, and reflecting on belonging and Habits of Mind.
